

In 2017, the elders prayerfully considered the current health and future steps of Faith Bible Fellowship. As part of this process, the church also completed a survey. These efforts revealed four priorities that we believe will build on our current foundation and strengthen our mission.

## Our Core Values

We are committed to ...

- Study of God's Word
- God-focused worship
- Dependent prayer
- Love for one another
- Sharing the gospel

These core values will underscore and frame our four priorities as we move forward.
