

## Resources for Discipleship

We have a good biblical model in the Bereans who “received the word with all eagerness, examining the Scriptures daily to see if these things were so” (Acts 17:11). Likewise, Paul and John admonished believers to examine what is being taught (1 Thes 5:20-12, 1 John 4:1-6). We too must examine what we hear and read according to the truth of Scripture. The resources below are meant to be used as tools for spiritual growth. They have been vetted for overall biblical soundness, however that does not negate us needing to be a discerning user of the resources. Many of the resources are available in print for you to borrow or view before purchasing your own. Contact Pastor Mike for assistance.
